Career summary

Motivated and enthusiastic B.Tech Computer Science graduate seeking a challenging entry-level position in the IT industry. Looking to leverage my programming, database, and software testing knowledge while continuously learning, developing technical skills, and contributing to organizational growth.

Education

Bharat Institute of Engineering and Technology
Bachelor of Technology, Computer Science Engineering

Hyderabad, India

Nov 2021 – Jul 2025

Technical Skills

- **Programming Languages:** Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Software Testing:** Manual Testing
- **Version Control:** Git, GitHub
- **Tools & IDEs:** Visual Studio Code, Eclipse
- **Operating Systems:** Windows, Linux (Basics)
- **Core Concepts:** DBMS

Experience

XML Developer at Satyaraj Solutions Pvt Ltd

Mar 2026 – Present

- Working as an XML Developer at Satyaraj Solutions Pvt Ltd.

AI Data Annotation internship at The AI School

Feb 2026-March 2026

- Annotate images, text, audio, and video datasets according to project guidelines.
- Review annotated data for quality and consistency.
- Identify and correct annotation errors.
- Maintain annotation accuracy and productivity targets.
- Organize and prepare datasets for AI model training.
- Follow client-specific annotation standards and documentation.
- Collaborate with QA teams to improve dataset quality.

Projects

Fake Image Identification Using CNN

- A deep learning model using CNN (TensorFlow) to classify real and AI-generated images with 92% accuracy.
- Developed Implemented an interactive Streamlit web app for real-time image detection.
- Applied image preprocessing, feature extraction, and model optimization techniques.
- Deployed the project on Streamlit Cloud for public access.

Airline Fare Prediction Using Machine Learning

- Built a machine learning model to predict airline ticket prices based on route, departure time, duration, and stops.
- Trained Random Forest and XGBoost models and developed an interactive web app for real-time fare prediction.

Certificates

- ✓ Web Development – Internshala
- ✓ Machine Learning, Power BI, and Tableau - BIET
- ✓ Software Development Engineer – Blue stock
